

ATLANTIC COMMTECH CORPORATION

Atlantic CommTech Corporation awarded contract by the U.S. Army Engineering and Support Center to provide Electronic Security Systems (ESS)

FOR IMMEDIATE RELEASE

Norfolk, VA (January 19, 2011) – Atlantic CommTech Corporation (ACT-Corp) received a contract award on January 7 for the Electronic Security Systems Small Business Set Aside (ESS-V) program by the **U.S. Army Corps of Engineers (USACE)**. The contract requires technical support, procurement, installation, monitoring, maintenance and service of Electronic Security Systems (ESS), Utility Monitoring and Control Systems (UMCS), Heating Ventilating and Air Conditioning (HVAC), Supervisory Control and Data Acquisition (SCADA) systems and Fire Alarm Systems (FAS) worldwide for Department of the Army, Department of Defense (DoD), and non-DoD agencies supported by the USACE.

ESS-V is a competitive, multiple award, indefinite delivery, indefinite quantity (IDIQ) contract and is available to all government agencies worldwide supported by the USACE. ACT-Corp is one of six contract awardees. The contract has a three-year base period and one two-year option period with a total value of \$250 million. ACT-Corp's team includes industry leaders Allsbrook Goodman, Integrated Power and Controls, Dataline, Hiller Systems, Open Roads Consulting and Prime Controls.

ACT-Corp has significant experience providing Electronic Security Systems to federal government agencies. As a prime contractor to the Department of State and the U.S. Air Force, we provide engineering, design, installation, implementation and testing of fully integrated ESS at U.S. embassies, consulates and military bases worldwide.

Kelly Thorp, President of Atlantic CommTech, stated "We are pleased to be selected by the US Army Corp of Engineers for an award on the ESS-V contract. The ESS-V contract is a strategic win and an addition to our current efforts supporting DoD customers. This contract allows us to work with the Army as a prime contractor and as such, we are fully committed to bring the best products and services to this program in support of our client's mission."

About Atlantic CommTech Corporation

Atlantic CommTech Corporation provides Electronic Security Systems, IT, Telecommunication, and Critical Power engineering and installation services to U.S. federal government agencies, such as the Department of State, the Department of Defense and the Department of Homeland Security, on a worldwide basis, having completed projects in over 120 countries. The company has ISO 9001:2008 as well as other industry-leading and globally recognized certifications. ACT-Corp is a Veteran Owned Small Business with headquarters in Norfolk, VA, a European branch location in Landstuhl, Germany, and offices in the Washington DC corridor, Sumter, SC, and Dallas, TX.
